CONTENTS

Contributed Papers

- 1 Methods for the Germination of Beardless Wildrye (*Elymus triticoides* Buckl.). *T. J. Gutormson and L. E. Wiesner*
- 7 Determining Seed Quality of Winterfat (*Ceratoides lanata* (Pursh) J. T. Howell). *P. S. Allen, S. E. Meyer, and T. D. Davis*
- 15 Changes in Lipid Fatty Acids Associated with Dormancy Breaking in *Amaranthus albus* Seeds. *R. Chadoeuf-Hannel and R. B. Taylorson*
- 23 Relationship of Germination and Vigor Tests to Field Emergence of Snap Beans (*Phaseolus vulgaris*). *C. Samimy, A. G. Taylor, and T. J. Kenny*
- 35 Pictures and Descriptions of Certain *Apiaceae* (*Umbelliferae*) Fruit not Illustrated in U.S. Department of Agriculture Handbook No. 30. *D. J. L. Meyer*
- 42 Seed Pellets for Improved Seed Distribution of Small Seeded Forage Crops. *A. E. Smith and R. Miller*
- 52 Evaluation of the Dot-Immunobinding Assay for Detecting Phytopathogenic Bacteria in Wheat Seeds. *L. E. Claflin and B. A. Ramundo*
- 62 A Field Study of Moisture Content of Soybean Pods and Seeds After Harvest Maturity. *R. W. Yaklich and P. B. Cregan*
- 69 Seed Treatment in Rice. *V. Krishnasamy and D. V. Seshu*
- 79 Interfacing the ASAC-1000 Seed Analyzer with an IBM-PC Microcomputer Using the Basic Program ASACSTAT. *K. C. Furman, L. W. Woodstock, and T. Solomos*
- 88 Peanut Seed Production. *G. A. Reusche*
- 97 The Influence of Soaking Pepper Seed in Water or Potassium Salt Solutions on Germination at Three Temperatures. *K. W. Jones and D. C. Sanders*

SUGGESTIONS TO CONTRIBUTORS TO THE JOURNAL OF SEED TECHNOLOGY

General Requirements. Articles should be original reports covering some area of seed science and technology not previously or simultaneously published in any other scientific or technical journal. Three kinds of articles may be considered for publication: (1) research papers, (2) brief communications covering new techniques or developments, and (3) review articles by special arrangement with the editor.

Page Charges. Eight pages of each article accepted will be printed free of charge. Charges for pages in excess of eight will be based on the actual printing costs.

Manuscripts. The manuscript must be typed on good-grade bond paper approximately 21 x 28 cm. The lines of type must be numbered on each page. Two carbon or xeroxed copies, also on line-numbered paper, are required. The entire manuscript must be double spaced. Each table must be typed on a separate sheet. An abstract and list of Additional Index Words must be included at the beginning.

Order. Assemble the manuscript in the following order: Title (no separate title page), Author(s), Abstract, Additional Index Words, Text, Literature Cited (begin on a new page), Tables, Captions for Figures (begin on a new page), and Figures. Although the text is most commonly divided into the following sections: Introduction, Materials and Methods, Results and Discussion, and Acknowledgements, the specific arrangement for articles submitted to the *Journal of Seed Technology* will vary. Place headings in the center of the page and capitalize throughout. Begin the subsection headings at the left hand margin (do not indent), capitalize the first letter, underline, and follow with a period. Begin the first sentence on the following line with the first word indented five spaces. Do not include a summary or list of conclusions.

Numbers. Use arabic numerals for all numbers with two or more digits and for all measurements such as time, weight, or degrees except when the number is the first word in a sentence. Spell out numbers when they are the first word in a sentence or when they are less than 10 and not measurements, except when in a series in which one figure has two or more digits.

Author(s). Place the name(s) of the author(s) in full caps below the title and footnote with a superscript arabic two (2). In listing the authors, do not leave a space between the period after each initial and the next letter. Give the place where the study was conducted and the title and address including the zip code of each author in footnote two at the bottom of the page.

Footnotes. Footnotes are *numbered* consecutively and typed at the bottom of each page. Number 1 should contain identification of the article

or research project. It includes the "date received" supplied by the editor. Number 2 identifies the author(s).

Tables. Tables are numbered consecutively. Use the following symbols for footnotes, in this order: a, b, c, d, etc. Use asterisks (*, **, etc.) to indicate statistical significance (5%, 1%, etc.). Do not duplicate information that is presented in charts or graphs.

Figures. Photographs for half-tone reproduction should be glossy prints with good dark and light contrast. Prepare drawings for graphs and charts with India ink on white drawing paper or blue tracing cloth. Type-written words should be avoided on graphs and charts. Label each figure with name of author, title of article, and number of figure. Do not use figures which duplicate information presented in tables.

Style Manual. The *Style Manual for Biological Journals* prepared by the Committee on Form and Style of the Council of Biology Editors and published by the American Institute of Biological Sciences (AIBS) shall be followed for writing papers submitted to the *Journal of Seed Technology*.

Abbreviations. Use standard abbreviations listed in the AIBS Style Manual without definition. Other abbreviations should be defined at first usage and may be used thereafter without further definition. Names of states should be abbreviated following city names, using the two letter abbreviations of the U.S. Post Office Department.

Nomenclature. The Latin binomial or trinomial and authority must be shown for all plants, insects, and pathogens at first listing (in title, abstract, or text). Crop varieties should be identified by single quotation marks at first listing only, e.g., 'Ranger' alfalfa (*Medicago sativa* L.) or *Medicago sativa* L. 'Ranger'; *Bothriochloa ischaemum* var. *songarica* (Rupr.) Cel. et Harl, 'King Ranch.'

Units of Measure. Metric units must be used for all measurements.

References. All citations whether to published literature or to unpublished work are to be listed alphabetically by senior authors at the end of the manuscript. Citations to published works should include names of all authors, the year, complete title, publication, volume number, and inclusive pages, as appropriate.

Subscription Information

Subscription rates are \$18.00 per year for the *Journal of Seed Technology (JOST)* and may be obtained by writing to the Secretary-Treasurer, Association of Official Seed Analysts (AOSA). Back issues of the *JOST*, as well as other AOSA publications are also available.
